Dear Mom & Dad,

I'm sending the clipping about Vickie's folks which I think is pretty interesting. We're planning to visit there early in August when we can stuff ourselves with peaches.

Vickie is at her classical music class tonight while I am home. We played tennis last night and I have two racketball matches later in the week. Saturday night we are going out to a nice French restaurant with two other couples. Vickie is excited about going on a business trip the last week in March. She is going to Columbus, Ohio for a meeting. I plan to visit you in April.

Love Jim & Vickie
